

BrightSIDE

BrightSIDE is in its second year of this important initiative by our SIDE team. It is about inspiring you to create your own future within our dairy sector!

BrightSIDE delegates will join the conference to listen to keynote speaker, Logan Williams, then hear from sector experts on the opportunities available within dairy, how attitude, performance and planning are keys to success, as well as the importance of personal budgeting.

If you are looking to be inspired, challenged and supported to make a difference, BrightSIDE is for you.

See side.org.nz for more details.

TUESDAY 22 JUNE
1 - 4:30PM

'Creating a pathway to future success: how planning, passion and people can support you to get there'

SPEAKERS

Tangaroa Walker

I am a dairy farmer and I love what I do

I want to share with you what I do, how I do it and why I do it. You will get a 360 degree view of farming and I will show you how I was able to achieve six figures by the time I was 21 years old. I've never read a book in my life, and only went to school to play rugby.

Life is not about what you know so you can answer any question or solve any task, it's about having the ability and the support networks to excel in all tasks and answer all questions.

Networking has been the key to my success. You do not get anywhere fast by yourself. But with the support of others you will have a firm knowledge base to make good decisions and choices. I am a builder, plumber, electrician, engineer, truck driver, vet, accountant, sportsman, employer, employee, Primary ITO trainee, farmer, family man and have also graduated from the school of hard knocks. Support this amazing industry and we will support you! We need skilled young professionals! Get along to BrightSIDE so you can learn to be successful too.

Tom Hartmann

Managing Editor at Sorted

Tom's focus is dialing up people's long-term wellbeing and helping them get ahead financially, primarily by developing the Sorted ecosystem of websites, calculators, seminars and publishing. His background in journalism and finance dovetails to support the Retirement Commissioner and CFFC in its work to lift the financial capability of all New Zealanders.

Erin Christian

Sharemilker

Erin Christian is 50:50 sharemilking with her husband Nathan, on a 700 cow farm in Mid Canterbury for the New Zealand Rural Property Trust. Having previously worked as a Consulting Officer for DairyNZ, she is now doing contract work in the DairyNZ Selwyn/Hinds project, and caring for their two children. Erin has seen a large range of pathways that people have taken through the industry, and has been involved in delivering Biz Start and Grow courses in her time at DairyNZ.
